Noncompliance may result in property maintenance fines and summonses.

STORM WATER MANAGEMENT

Things we can do to prevent storm water runoff pollution.

- CONSERVE WATER. Stop faucet drips!
- Never dump anything down storm drains.
- Pick up after your pet.
- Sweep up driveways and sidewalks.
- Use fertilizers and pesticides sparingly.
- Direct rooftop runoff to grass or gardens.
- Check the cars for leaks.
- Wash cars at the car wash.
- Compost your yard and organic waste.

LATEX PAINT DISPOSAL

You can dispose of latex paint in the garbage if you dry it out first. Here's how.

1. Add equal parts kitty litter to latex paint in the can (one part paint to one part kitty litter). If you have more than a half a can, you can also pour the paint into a lined cardboard box then pour in cat litter.
2. Stir the cat litter into the paint until it has an oatmeal-like consistency that will not spill out.
3. Allow the paint and cat litter mixture to sit for one hour.
4. Throw the dried paint in the can in the garbage with the **lid off**.

Instead of cat litter, you can use a commercial paint hardener. Follow the instructions on the label.
